# INDEX TO VOLUME 1.

A

Asbestos as an Insulator, Oct. 2, p 245
Aggressive Journalism, Nov. 2, p 276
Accumulators, Plante and Faure, Nov. 15, p 291
Aerial Photography, Nov. 15, p 296
Alarms for Telephone Exchanges, Dec. 15, p 324
American Institute Awards, Dec. 15, p 323
American District Telegraph, April 1, p 57
Accumulator, Electric, New, April 1, p 59
Accumulator, New, of Messrs. Sellon & Volckmar, May 1, p 81
Action of the Telephone, May 1, p 90 & 91
Arc Lamp, Pilsen, The, May 1, p 92
Action of Telephonic Currents upon the Galvanometer, May 15, p 104
Amendment of Rules 85 & 86, May 15, p 169
Accumulators, Sellon-Volckmar, June 15, p 135
Accumulator, Pezzer's, July 1, p 149
Anxious to be Neighborly, July 15, p 170
Army Items, July 15, p 171
Army, Egyptian, Aug. 1, p 187
Accumulators, Aug. 15, p 300
Aurora by Telephone, Sept. 1, p 216
An Inventor's Generosity, Sept. 1, p 219
Annual Clam Dinner of Telephone, Telegraph and Electric Light Men, Sept. 15, p 227
Arago Dynamic Electric Generator, Feb. 15, p. 1
Automatic Block System of Electrical Railways, Feb. 15, p 3
American Institute Election, Feb. 15, p 9
Applying the Telephone to a Train in Motion, Feb. 15, p 14
Art and Heart (Poem), March 1, p 17
American Cars in England,
Applications of Plante Accumulator, March 1, p 21
Anders' Magnifying Telephone, March 1, p 21
American Newspaper, March 1, p 24
Adjutant-Major Gaumet's Peleogue, March 1, p 25
An Engraved Diamond, March 1, p 30
Advancing the Prices of Glass, March 15, p 38
Another Sign of Increasing business in England, March 15, p 39
American School at Athens, March 15, p 40

B

Beethoven, March 1, p 29
Breweries in Great Britain, March 15, p 40
Berlin Elevated Railway, April 1, p 50
Brotherhood of Telegraphers, April 1, p 57
Beaded Underground Telegraph Wires, March 1, p 20
Books, New, April 1, p 59
Brakeman, Types of, April 1, p 60
Battery, Plante, April 15, p 68
Battery, Secondary, May 1, p 83
Battery, Box and Bell Combination, May 1, p 84
Battery, Cheap and New, May 1, p 85
Battery, Secondary, Sellon, May 15, p 98 & 99
Batteries, Storage and Electrical, June 1, p 115
Batteries, New Secondary, June 1, p 118
Brock, F. B., Mechanical Telephone, June 1, p 122
Battery, Secondary, June 1, p 124
Books, New, June 15, p 140
Brockie Arc, July 15, p 170
Brazil and Canada, July 15, p 171
Brake for Ships, July 15, p 171
B. & O. Telegraph Line, Aug. 1, p 184
Brakes, Electrical, Aug. 1, p 187
Books, New, Aug. 1, p 187
Bichromate Battery, Aug. 15, p 193
Batteries, Constant, etc., Aug. 15, p 199
Battery, Faure Storage, Sept. 1, p 213
Batteries, Secondary Galvanic, Oct. 2, p 246
British Government Railway, Oct. 16, p 258
Battery, New Photo Electric, Nov. 1, p 275
Boston Stock Exchange, Nov. 1, p 276
Battery, New Secondary, Nov. 15, p 295
Bassett, Harry, Dec. 1, p 309
Bugbear's, Dec. 1, p 312
Battery, New Secondary, Dec. 15, p 323
Book, New. Charles E. Buell, Dec. 15, p 325
Brush Storage System, Jan. 1, p 337
Batteries, Secondary, Jan. 1, p 338
Buying Light by the Box, Jan. 1, p 338
Buell's, Charles E., Letter, Jan. 15, p 354

C

Curious Case of Faults in Telegraphic Lines, Feb. 15, p 9
Chemistry of the Plante and Faure Accumulators, Feb. 15, p 12
Chemistry of Electrical Accumulators, p 370
Cost of Electric Light Machinery, March 1, p 18
Crystal Palace Electrical Exhibition, March 1, p 19, No. 3
Carpet Manufacturing, March 1, p 28
Crippling Culture, March 1, p 29
Comments of the Press, March 1, p 30
Crystal Palace Electrical Exhibition, March 15, p 35
Courtesies of Scientists, March 15, p 40
Canadian Telegraph Lines, March 15, p 40
Curious Electrical Phenomenon, April 1, p 54
Cable Agreement, April 1, p 58
Cable, New American, April 1, p 58
Cable, Aerial by Lytle, April 15, p 69
Carbon, Electrical Resistance of, April 15, p 70
Crystal Palace Lectures, April 15, p 71
Cables, Sub-Marine, April 15, p 72
Cell Selenium of the Microphonic Action, May 1, p 81
Career of a Notable Mercantile House, May 1, p 83
Central Office Connections, p. 113
Charnay's Discovery, Important, May 1, p 88
Cable, New German, May 1, p 89
Cable, Underground, May 15, p 100
Cable, Jay Gould, May 15, p 101
Coal by Wire, June 1, p 119
Cables, Telephonic, June 1, p 121
Chemical Equivalent of Carbon, June 15, p 138
Currents Induced, July 1, p 149
Cell, Photo Electric, July 1, p 153
Cable, Submarine, July 1, p 153
Cable, New Submarine, July 15, p 169
Cable Company, New, Aug. 1, p 181
Carbons for Electric Light, Aug. 1, p 183
Cable, S. A., Aug. 1, p 184
Cable, New Canadian, Aug. 15, p 201
Chorus of Shorn Lambs. Poem, Aug. 15, p 203
Cable, Atlantic Competition, Sept. 1, p 209
Condensers, Singing. W. Holtz, Sept. 1, p 210
Carbon for the Electric Light, Sept. 1, p 210.
Cable System, Sept. 1, p 213.
Carbon Occasioned by Electrical Influence, Sept. 1, p 215
Chromic Acid Elements, Sept. 1, p 210
Congress of Electricians in Paris, Sept. 15, p 227
Central Station Plant, Sept. 15, p 231
Click, Click, Hello, Sept. 15, p 231
Chronology of Electric Telegraphy, Oct. 2, p 241 & 242
Cable King, British, Oct. 2, p 243
Cable Kerite Laying, Oct. 2, p 244
Carbon and Its Resistance, Oct. 2, p 245
Cheap Cabs in Philadelphia, Oct. 16, p 258
Corporations, New, Oct. 16, p 259
Cables, New Southern, Oct. 16, p 260
Cable, Ocean, Oct. 16, p 262
Caligraph, The. Prof. W. G. Chaffee, Oct. 16, p 265
Construction of Statues, Oct. 16, p 266
Current Capacity of a Wire, Nov 1, p 279
Conductors, Electrical Underground, Nov. 15, p 292-3
Consolidating Telephone Interest, Nov. 15, p 296
Comparison of Electro-Motive Force of Batteries, Nov. 15, p 297
Charging Accumulators, Nov. 15, p 297
Cores of Important Cables and Dimensions, Nov. 15, p 297
Cable, Speech by Mr. Garrett, Dec. 1, p 310
Carbon for Electric Light, Jan. 1, p 338
Cable, Subterranean, Jan. 1 p 342
Currents, Undulatory, July 1, p 344

D

Description of the Telephone, Feb. 15, p 8
De Meriten's Accumulator, March 1, p 19
Dr. Hann's Recent Observation, March 15, p 37
Diversity (Poem), March 15, p 47
Directory, Electrical, April 1, p 59
Directory, Electrical, April 15, p 76
Dynamos in Multiple Arc, June 1, p 116
Destruction of Carbon Electrodes, June 1, p 118
Decoration Day (Poem), June 15, p 129
Dynamo Electric Machines, June 15, p 134
Different Methods of Calling Currents, July 1, p 145 & 146
Dynamo Electric Machine, July 1, p 147
Defining a Gentleman, July 15, p 171
Debt, Egyptian, Aug. 1, p 187
Discoveries and Inventions, Aug. 1, p 187
Dictionary, Mechanical, Knight's, Sept. 1, p 215
Dunbar's, J. K., Letter, Sept. 1, p 215 & 216
Death of a French Inventor, Oct. 2, p 245
Danger from Gas, Oct. 2, p 250
Defective Line Wire Joints, Oct. 16, p 264
Danger from Electric Wires, Nov. 1, p 274
Dunbar, J. K., Letter on Telephones, p 280 & 281
Device for Laying and Holding Underground Electric Wires, Nov. 15, p 298
Determining the Ohm, Jan. 1. p 338
Dictionary of Electricity, Jan. 15, p 360

E.

Epigrammatic, Feb. 15, p 1
Electric Light has come to stay, Feb. 15, p 2
Electrical Methods of Search for Bullets in the Body, Feb. 15, p 3
Electric Light for Heli Gate, Feb. 15, p 5
Electric Railroad, Feb. 15, p 8
Extension of the Signal Service, Feb. 15, p 5
Effects of Transmitting Electrical Currents Through Magnetized Electolytes, Feb. 15, p 6
Edison's Electric Road, Feb. 15, p 9
Electrical Sheep Shears, Feb. 15, p 10
Electrical Exhibition at the Crystal Palace, Feb. 15, p 10
Electrical Patents, Jan. 10, 17, 24, 31, Feb. 15, p 11
Electric Light *vs.* Gas in Theatres, Feb 15, p 12
Election and Appointments, Feb. 15, p 14
Electrical Carbons, March 1, p 17
Electrical Properties of Indium, March 1, p 19
Electrical Conductivity of Moist Air, March 1, p 21
Electrical Experiment in Paris, March 1, p 23
Edison's Electric Meter, March 1, p 23
Engineering Inventions, March 1, p 27
Electric Lighting on Railways, March 15, p 35
Electricity *vs.* Gas, March 15, p 37
Electrical Exhibition at Crystal Palace, April 1, p 49
Electric Motors, April 1, p 53
Electricity, What it may do, April, 15 p 67
Electrical Progress in Vienna, April 1, p 54
Engraving on Glass by means of Electricity, April 1, p 54
Electrical Patents in the United States, April 1, p 55
Efficiency, Metallic Circuit, April 15, p 68
Electric Light and Insurance, April 15, p 70
Electricity, Future of, April 15, p 70
Electrical Items, April 15, p 71
Electrical Patent, England, April 15, p 76
Electrical International Exhibition, May 1, p 81
Edison Lighting down-town District, May 1, p 84
Electric Light Stock, May 1, p 84
Electric Light Company Organized, May 1, p 84
Electric Light at Hell Gate, May 1, p 84
Electrical Exhibition, Crystal Palace, May 1, p 85
Electric Brake, Edison's, May 1, p 86
Electric Railways, May 1, p 86
Electric Magneto Action and Matter, May 1, p 86
Electricity, Medical May 1, p 86
Emerson (Poem), May 15, p 97
Electric Dynamo Machines and Motive Power, May 15, p 99
Electrical Services Reward, May 15, p 99
Exhibitions, Electrical, at Munich, May 15, p 101
Electric Light Currents, May 15, p 106
Electric Railroad, May 15, p 107
Electric items, &c., May 15, p 107
Electric Lighting, June 1, p 113
Electric Lighting by Galcher System, June 1, p 114
Electric Railways, June 1, p 114
Electric Lighting, June 1, p 115
Electrical Items, June 1, p 116
Electric Light Exhibition, June 1, p 117
Electric Light, Edison's, June 1, p 119
Electric Railway, Berlin, June 1, p 124
Electric Machines, Dynamo, June 1, p 124
Electrical Engineering, June 1, p 124
Electric Railways, June 15, p 129
Electric Light and Insurance, June 15, p 129
Electricity, June 15, p 130
Electric Light, Incandescent June 15, p 130
Electric Railway for St. Gothard Tunnel, June 15, p 131
Electric Railway in Philadelphia, June 15, p 133
Electric Lighting, June 15, p 134
Electricity and the State, June 15, p 135
Electro Magnetic Repulsion, June 15, p 138
Electrical Exhibition Crystal Palace, June 15, p 138
Election and Appointments, June 15, 138
Electrical Exhibition in Vienna, July 1, p 145
Electricity and Gas, July 1, p 146 and 147
Electric Light in Theatres, July 1, p 147
Electrical Society, New York, July 1, p 148
Electric Conductivity, July 1, p 154
Edison Lamps and Faure Accumulator, July 15, p 162
Electricity as a Motor for Aerial Navigation, July 15, p 163
Electric Railway in Ireland, July 15, p 163
Edison's Electric Light on Steamships, July 15, p 161
Edison Light in Philadelphia, July 15, p 165
Electrical Railway in Holland, July 15, p 166
Electric Lights in Sea Fishing, July 15, p 166
Electrical Exhibition of Munich, July 15, p 166
Edison Lamp Company's New Factory, July 15, p 170
Edison System, Experiments, July 1, p 171
Electric Lighting, August 1, p 177
Electric Railway, Aug. 1, p 177
Electricity and Magnetism, Aug. 1, p 177
Edison First District, Aug. 1, p 178
Electro-Magneto Machine Experiments, Aug. 1, p 179
Electricty, Measures of, Aug. 1, p 181
Electrical Transmission of Power, Aug. 1, p 182
Electric Dynamometer, Aug. 1, p 182
Electric Light Apparatus, Aug. 1, p 182
Electric Lighting in London, Aug. 1, p 183
Electrodes, Experiments, Aug. 1, p 186
Electric Tensions, Aug. 1, p 186
Electricity as Light and Motor, Aug. 15, p 193
Electric Lamps, Candle Power, Aug. 15, p 194
Edison's Progress, Aug. 15, p 194
Electricity and Magnetism, Aug. 15, p 196-7
Electric Lights in Europe, Aug. 15, p 197
Electric Arc, &c., Aug. 15, p 199
Electricity Applied, Aug. 15, p 199
Electric Pile Cheap, Aug. 15, p 200
Edison Light Fixtures, Aug. 15, p 204
Electrical Exhibition, Crystal Palace, Sept. 1, p 209
Electric Light, Edison, Sept. 1, p 209
Electric Railways, Sept. 1, p 209
Electrical Energy, Sept. 1, p 209
Electric Exhibition in London, Sept. 1, p 210
Electric Transmission of Power, Sept. 1, p 210
Electric Exhibition in Winter, London, Sept. 1, p 210
Electric Exhibition Prizes, Crystal Palace, Sept. 1, p 211
Electricity and Magnetism, Sept. 1, p 212 & 213
Electric Lighting, Royal Aquarium, Sept. 1, p 213
Electrical Exhibition Crystal Palace, Sept. 1, p 215
Electrical Invention, Sept. 1, p 218
Edison Factory in France, Sept. 15, p 227
Exposition, Mexican, Sept. 15, p 228
Edison Light Turned On, Sept. 15, p 230
Electrolysis of Liquids, by M. Sloch. Slouguin of, Sept. 1, p 230
Electrical Directory, J. A. Berly, Sept. 15, p 231
Edison's Company Lighting up, Sept. 15, p 233
Edison Lighting by Batteries, Oct. 2, p 243
Edison Factory in France, Oct, 2, p 243
Electricity in French Lighthouses, Oct. 2, p 245
Electricity in a Brewery, Oct. 2, p 247
Electric Light in Holland, Oct. 2, p 247
Electric Lighting, Oct. 2, p 247
Electricity *vs.* Gas, Oct. 2, p 247
Edison Light Fixtures for Houses, Oct. 2, p 247
Electrical Engineering, Oct. 2, p 247
Electrical Co's, Oct. 2, p 249
Electric Railway Extensions, Oct. 2, p 249
Electric Machine of Great Size, Oct. 2, p 249
Edison not Disappointed, Oct. 16, p 259
Electrical Engineering, Oct. 16, p 259
Electrical Society Meeting, New York, Oct. 16, p 262
Edison Electric Light in New York, Nov. 1, p 273

Electrical Exhibition at Munich, Nov. 1, p 273
Electric Light Experiments, Nov. 1, p 274-5
Electric Lamps, New Reynier's, Nov. 1, p 275
Electricity in the Shoe Factory, Nov. 1, p 275
Electric Lighting on the Penn. Railroad, Nov. 1, p 275
Edison Electric Light Company Meeting, Nov. 1, p 275
Electrical Exhibition, Munich, Nov. 1, p 281
Electrical Invention, Nov. 1, p 282
Electric Light for Hell Gate, Nov. 15, p 290
Electric Lighting Apparatus for War Purposes, Nov. 15, p 290
Edison Light in France, Nov. 15, p 290
Electrical Navigation, Nov. 15, p 290
Electric Lighting, Nov. 15, p 290
Electrical Exhibition, Nov. 15, p 291
Edison Light in a Railway Station in Paris, Nov. 15, p 291
Electrical Storage, Nov. 15, p 291
Electric Railway, New, Nov. 15, p 295
Electrical Education, Nov 15, p 295
Electric Light, Incandescent Dec. 1, p 305
Electric Lights on the Hudson, Dec. 1, p 306
Edison Light, Dec. 1, p 306
Electric Light, Aerial, Dec. 1, p 306
Electric Wagon, Dec 1, p 306
Electric Storage and Light Company, Dec. 1, p 306
Electricity, Electric Launch, Dec. 1. p 307
Electrical Companies Incorporated, Dec. 1, p 307
Electric Light on board the Arizona, Dec. 1, p 309
Electric Lighting Isolated, Dec. 1, p 309
Electric Illuminating Company, Edison, Dec. 1, p 309
Electric Underground Company Exhibition, Dec. 1, p 309
Economy in Telegraphing, Dec. 1, p 310
Electric Light and Telegraph Co., Pittsburgh, Dec. 15, p 322
Electric Orchestra, Dec 15, p 322
Electric Light, Edison Dec 15, p 322
Electro Technical Committee, Munich, Dec. 15, p 322
Electric Storm, Dec. 15, p 325
Edison Light, Jan. 1, p 337
Electroliers for the Electric Light. Jan. 1, p 338
Electrical Power and Storage Company, Jan. 1, p 339
Edison's Experiment as a Teiegrapher, Jan. 1, p 342
Electric Manufacturing Company, Ind., Jan. 1, p 344 & 345
Electric Railway System, Jan. 1, p 345
Electric Light Notes, Jan. 15, p 353
Electric Appliances Company, Jan. 15, p 353
Electric Light Company, Rochester, Jan. 15, p 353
Electrical Patents, Jan. 15, p 354
Electricity, Jan. 15, p 355
Electrical Apparatus, Fuller Co., Jan. 15, p 358
Edison Light in Newspaper Offices, Jan. 15, p 358-9
Electric Current Meter, March 15, p 42
Electricity, p 139
Eletric Light Progress, p 369
Electric Light in India, p 370
Electricity as a Power Transmitter, p 370
Electric Fairies, p 370
Editorial, p 372
Electrical Items, p 370, 371 and 372
